

# Application

## Changing device names

How you change a device name depends on the GPS system you are using. Some functions are limited to users with the admin or supervisor access rights in MyGeotab so be sure to check your rights with your account administrator.

To change Geotab device names launch MyGeotab and navigate to Vehicles. Select your vehicle and change the Description field. Don't forget to checkout the Driver feedback menu to coach your drivers to be safer drivers.

Changes in the MyFleetistics device editor section will not change the device names in MyGeotab. This integration has not been completed so copy and paste the name if you want the two to match.

The screenshot displays the MyGeotab web application interface for editing an asset. The left sidebar shows a navigation menu with icons and labels for various sections. The main content area is titled 'Asset Edit 001 - EI - F-250(G09)' and includes a 'Show Help' button. Below the title, there are tabs for 'Asset', 'Driver feedback', 'Groups', 'Rate plan', and 'Extended services'. The 'Asset' tab is active, showing the 'ASSET INFORMATION' section. This section contains several input fields and a table for vehicle details. The 'Description' field is populated with '001 - EI - F-250(G09)'. The 'Device type' is 'Version 9'. The 'Current driver' is 'Eron Iler (eron.iler@fleetistics.com)'. The 'Serial number' is 'G9B020F9FC95'. The 'Vehicle ID number' is '1FT7W2BT1FEC44042' and the 'Ford F-Series (2015)' is selected. The 'License plate' is 'BUY-4YOU'. The 'Odometer' is '117838' miles, with a note '(Engine odometer last reported 2 days ago)'. The 'Current engine hours' are '43' hours and '54' minutes. The 'Comments' field contains the text 'Purchased new'. The 'State/province' is 'Florida'. At the bottom of the sidebar, there is a 'Collapse' button.

Current Status and Installation Info	
Vehicle ID number:	1FT7W2BT1FEC44042
	Ford F-Series (2015)
License plate:	BUY-4YOU
Odometer:	117838 mi (Engine odometer last reported 2 days ago)
