Getting Started Fleetistics LITE System

Click the link to download a .pdf which you can print and reference as you go through the setup process.

1. It is very important that you register for training inside MyFleetistics>Help Center>Live Training.
2. Completing the Fleetistics Academy online self-paced training will also improve your understanding and ROI. This should be completed by all department, branch and service managers to ensure everyone knows what is available to them from the data
3. [Fleetistics.tv](https://fleetistics.tv) has a lot of videos to help you understand the installation process, troubleshooting and using the system. Your account manager is available should you have any issues or questions.
