

DriveWyze

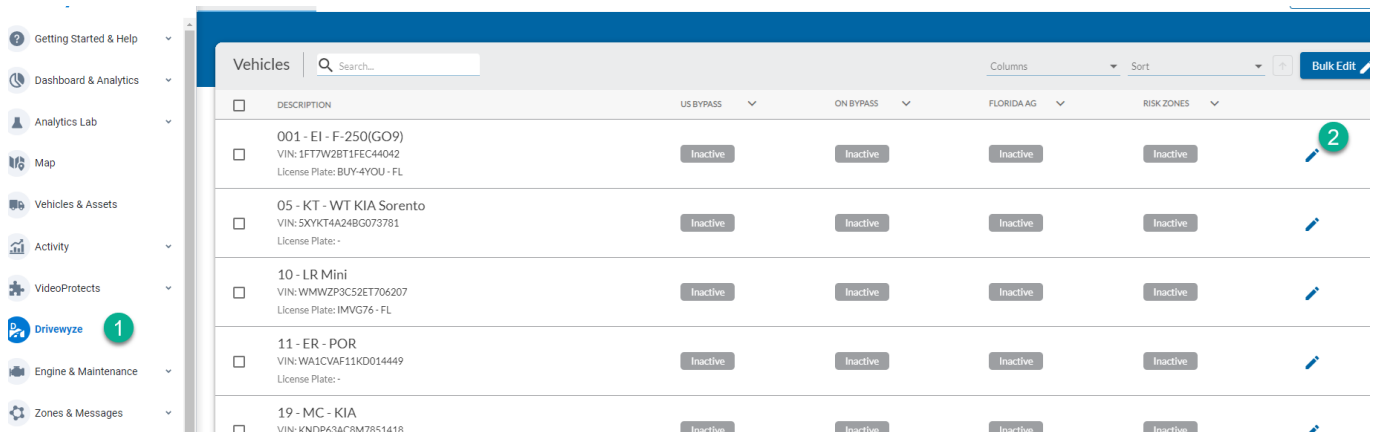

How to access the DriveWyze Fleet Management Portal

Drivewyze Fleet Management

Purpose: This article outlines the process to synchronize your fleet with Drivewyze and make any necessary edits.

Procedure:

1. Click Drivewyze in the left menu(1).
2. From this window, vehicles, drivers, and fleet details can be edited. Options associated with Drivewyze subscription levels are also available.
3. Click the Vehicles and Drivers tabs for additional options.
4. Click the edit icon (blue pencil) to access driver and vehicle options (2).
